A black and white manga-style illustration. A giant monster, resembling a dinosaur or a large reptile, stands on the right side of the frame, towering over a city at night. The monster has a long neck, a small head, and a large, scaly body. It is looking down towards the city. The city is filled with numerous buildings, streets, and lights, creating a dense urban landscape. The monster's shadow is cast onto the city below. Three speech bubbles are present: one on the left, one in the upper middle, and one on the right.

FUL!!

An aerial, black-and-white photograph of a dense city, likely New York City, showing a grid of streets and numerous skyscrapers. Two speech bubbles are overlaid on the image. The left bubble contains two columns of text, and the right bubble also contains two columns of text.
